FINDING LOCATIONS:

Need help finding the locations where we hold SOAR courses? See the location notes on pp.5-6, attached to this calendar. Need even more location help for class and event locations? Consult the SOAR web site:

www.soarnorthcountry.org

The web site has detailed information on each course and event location. This info includes: a description, directions, parking and accessibility notes. For our presenters there is additional info on room tech and other equipment, furnishings, also room capacity. On the location pages you can also find links to campus maps for our campus locations, and google maps for our off-campus locations. Each location page also comes with a set of photos for those who like to "see where they are going."

FINDING COURSE AND PRESENTER INFO:

There is a page on the SOAR web site for each course and each presenter. Besides the general information found in the course booklet, on the course page you can find reading lists and/or course-related links that the presenter wants to post there. Also you will find photos. **Closed courses** are marked "closed" on the "COURSES" page. **Notices**, including such things as class cancellations, changes and reminders are found in the center section of the home page.

IN CASE OF EMERGENCY: When on the SUNY Potsdam campus, in case of a medical or other emergency, **call the University Police first: 267-2222** (or from a campus phone: 2222). They can respond more quickly than 911 responders, as the 911 responders must verify the situation with the University Police before setting out on the call.
